

School Immunization Report 2015

Webinar Training Session

October 8, 2015

IDAHO DEPARTMENT OF HEALTH & WELFARE
DIVISION OF PUBLIC HEALTH

Webinar Objectives

- To provide a live walkthrough of the school immunization report (SIR) to school immunization staff.
- To review DTaP, Polio and additional vaccination exceptions regarding IRIS forecasting.

School Immunization Report (SIR)

- Required for all public, private & parochial schools by **November 1st** (IDAPA 16.02.15)
- Each year a report must be turned in for:
 - Kindergarten
 - 1st Grade
 - 7th Grade

The SIR reports:

- Basic school information
- The number of students enrolled, including the total number and type of immunizations on file
- Includes missing and incomplete records

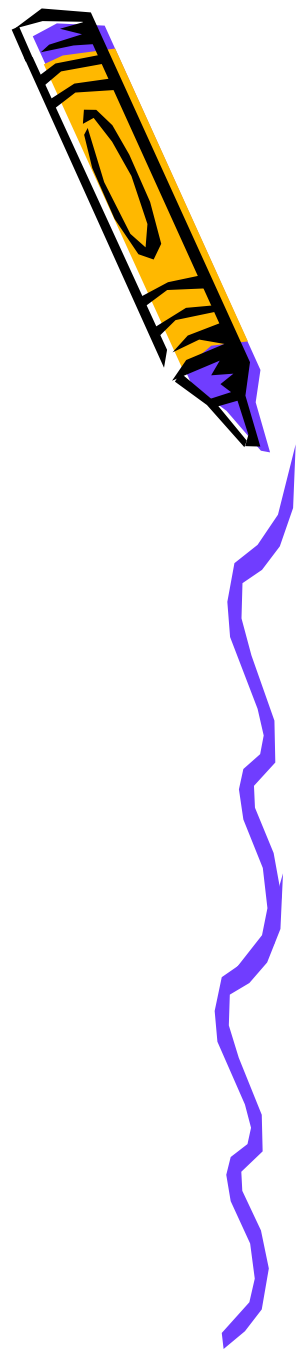

Where is your packet?

- SIR packets mailed on September 4th
- E-mail was also sent with school information

Live Walkthrough

- Go to <https://sir.dhw.idaho.gov/SchoolLogin/login.aspx>
- Enter Username and Password
- Review/Edit Profile information
- Complete report per grade
- Submit report

My school

A very small private school with only 100 students in the reporting grades. I've organized my records below:

Kindergarten = 30 students enrolled

1st Grade = 30 students enrolled

7th Grade = 40 students enrolled

My school

Kindergarten = 30 students enrolled

26 students have all their vaccines

1 student has exempted out of all vaccines

2 students have exempted for MMR only

1 student has exempted out of all vaccines,
but the varicella exemption is due to a
parent's diagnosis

My school

1ST Grade = 30 students enrolled

29 students have all their vaccines

1 student has no record on file

My school

7th Grade = 40 students enrolled

34 students have all their vaccines

3 students have exempted out of all vaccines

1 student has an incomplete record; they have an invalid Hepatitis B shot

2 students have incomplete records; they are missing their last dose of Polio

Student Status Guide

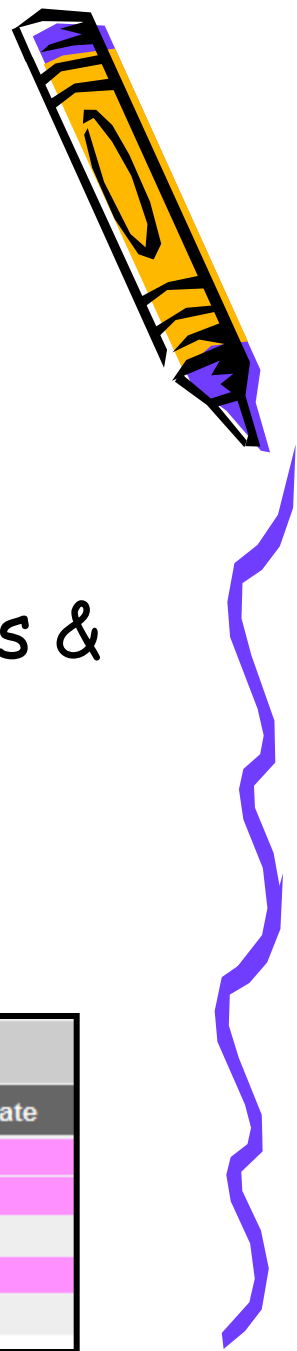

MEETS SCHOOL IMMUNIZATION REQUIREMENTS

COMPLETE	Student has documentation of all required immunizations for school attendance.
CONDITIONALLY ADMITTED	Student is on schedule to receive still-needed immunizations (has filed a schedule of intended immunizations form).
EXEMPT	Student has an exemption form on file for medical, religious or personal reasons.

DOES NOT MEET SCHOOL IMMUNIZATION REQUIREMENTS

INCOMPLETE	Student has not received all required immunizations for school attendance and has not filed a schedule of intended immunizations form.
NO RECORD	Student has no immunization record or exemption form on file.

Missing Records? Check IRIS!

- **IRIS** - Idaho's Immunization Reminder Information System
- Statewide system to help parents, schools & medical providers
- Keeps track of immunizations
- Schools can access student records

Vaccines Required For School Entry				
Vaccine Group	Earliest Date	Recommended Date	Overdue Date	Latest Date
DTP/aP	Maximum Age Exceeded			
HepB	Complete			
MMR	09/30/2013	09/30/2013	09/30/2013	
Polio	Complete			
Td	05/02/2013	11/01/2014	11/01/2014	

Mixed Signals

- IRIS Forecasting and Polio

Current Status: Adequately Immunized

Vaccines Required For School Entry

Vaccine Group	Vaccine	Earliest Date	Recommended Date	Past Due Date
DTP/aP			Complete	
HepA			Complete	
HepB			Complete	
MMR			Complete	
Pneumococcal			Complete	
Polio		07/10/2012	07/10/2012	07/10/2012
Td	Tdap	08/06/2023	08/06/2023	08/06/2023
Varicella			Complete	

Polio Guidelines

- Remember: - If the child received 4 doses of Polio vaccine before they reached age 4, an additional dose of polio needs to be given at age 4 years or older. There may be an exception with teenagers.

*Note: The final dose needs to be given AT LEAST 6 months after the previous dose.

Mixed Signals

- IRIS Forecasting with DTaP/Tdap

Current Status: Conditionally Admitted

History Edit Patient Reports Print Print Confidential

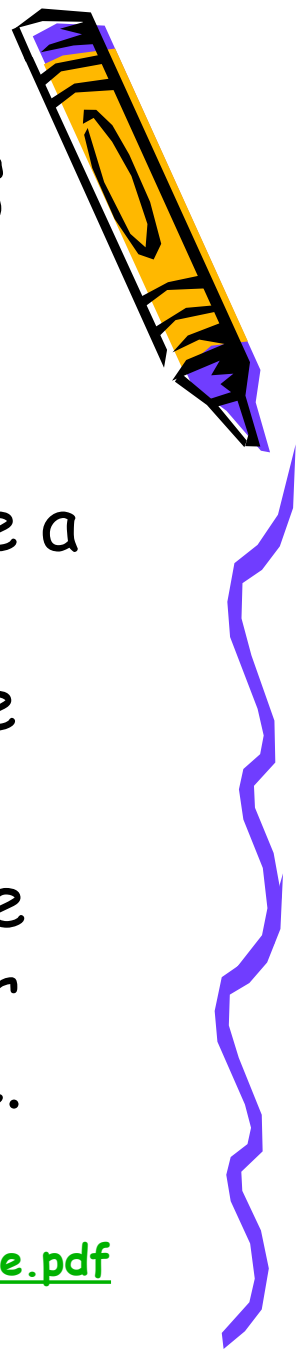

Vaccine Group	Date Administered	Series	Trade Name	Dose	Owned?	Reaction	Hist?
DTP/aP	03/22/2007	1 of 5	Pediarix ®	Full	No		
	05/18/2007	2 of 5	Pediarix ®	Full	No		
	07/17/2007	3 of 5	Pediarix ®	Full	No		
	02/11/2009	4 of 5		Full	No		
	04/30/2009	NOT VALID		Full	No		

HepA Current Age: 8 years, 8 months, 15 days

Vaccines Required For School Entry

Vaccine Group	Vaccine	Earliest Date	Recommended Date	Past Due Date
DTP/aP	Maximum Age Exceeded			
HepA	Complete			
HepB	Complete			
MMR	Complete			
Polio	Complete			
Td	Tdap	02/11/2019	02/11/2019	02/11/2019
Varicella	Complete			

DTaP Catch-up Guidelines

- Children over 7 years of age who not did complete their DTaP series should receive a single dose of Tdap. If more doses are needed to complete the series, Td vaccine should be used.
- The 5th dose of DTaP is not needed if the 4th dose was given at age 4 years or older **AND** at least 6 months after the 3rd dose.
